

have been the Upper Sixth and Ginia, Captain of School, to whom I am extremely grateful.

We are now leaving Benenden having tackled and succeeded in our challenges here; we have made great friendships which we hope will stand the test of time. It is sad to leave but reassuring to know that we now have gained the confidence to face further challenges, with the support of our friends.

I would like to wish the rest of the School, especially the leavers, every success in what lies ahead.
